

Horticulture (Practical)

UHI Moray

Venues

Main campus

Content

The horticulture industry plays an increasingly important part in the rural economy in Scotland and Moray.

With an increase in demand for skilled workers and expected growth in employment opportunities, there's never been a better time to find employment in this rewarding industry.

This course covers all aspects of the industry from commercial growing to vegetable gardening and is ideal if you have some knowledge of horticultural practices as it will provide you with the opportunity to develop advanced practical skills and extend your understanding and theoretical knowledge.

Start Date

August
