### Content

Most of UHI humanities subjects can be studied as joint honours as well as single honours. Joint honours programmes give you the opportunity to combine two subjects, which complement your interests or career goals. You will usually concentrate on both subjects equally. It can be possible to transfer between single and joint honours options, usually during your first or second year, and advice will be available from your personal academic tutor.

This joint degree covers: Archaeology: exploration of a range of archaeological skills such as fieldwork, surveying and post-excavation, mapped to the current occupational standards for archaeology.

Literature: using a range of authors and texts, from classic to contemporary, explores literature in a global context, looking in depth at language and literary history.
