

Construction Management Pathway

Glasgow Caledonian University

Content

Pathway students enrol on the undergraduate BSc (Hons) Construction Management at Glasgow Caledonian University. In the first year, study HNC in Construction Management at a partner college whilst preparing for years two, three and four of the degree at GCU.

With a BSc Construction Management from GCU, you get practical experience of the technical, financial and planning skills you will need as a Building Construction Manager.

Benefit from the construction degree's global reputation and accreditation by the Chartered Institute of Building (CIOB) and the Royal Institution of Chartered Surveyors (RICS). Take the opportunity the course provides to study in Europe, Australia and the USA.
