

Building Surveying Pathway

Glasgow Caledonian University

Content

Pathway students enrol on the undergraduate BSc Hons Building Surveying at Glasgow Caledonian University. In the first two years, you study HND Building Surveying at a partner college while preparing to progress to year 3 of the degree.

Building surveying graduates enjoy excellent career prospects as building surveyors advising clients on both commercial and residential building issues.

Year 1 and 2

In collaboration with partner college you study an enhanced HND Building Surveying for two years before progressing into full-time study at Glasgow Caledonian University. Here you will gain a great grounding in the field of Building Surveying.

Year 3

Placement, Construction Technology, Design & Regulation, CAD Application & Innovation, Building Inspection and Pathology.

Year 4

Building Development, Sustainability & Building Surveying Studies with an option from Conservation, Facilities or Project Management, Honours Dissertation.
