

Certificate: Introduction to Engineering and Technology (including Automotive Skills) EAL Level 1

Fife College

Venues

Glenrothes (Stenton) Campus
Rosyth Campus

Content

This course is aimed at those who wish to work in the automotive, mechanical, electrical, fabrication and welding, or manufacturing engineering industries and focuses on improving broad-based practical skills and knowledge with a hands-on approach throughout.

You will gain both the SQA engineering skills and the EAL Level 1 Engineering and Technology qualifications. These are pre-apprenticeship qualifications where you will gain a wide range of practical experience with some examples of the situations you could face in an industry role. The course is open to both school leavers and those looking to change or further their careers.

Start Date

September

Qualification

Other
