

Molecular Medicine

University of Aberdeen

Venues

Foresterhill Campus

Content

Extraordinary technological advances in molecular biology, ranging from next-generation sequencing to the engineering of biologic therapies, are revolutionising our ability to diagnose and treat patients.

This MSc programme in Molecular Medicine offers a broad curriculum centred around molecular technologies. Subjects are taught from the perspective of understanding how insights and tools from molecular science can help us to understand and treat human disease.

Start Date

September

Qualification

Postgraduate Master's

Study Method

Full time

Award Title

MSc

Course Length

12 months

Faculty

Life Sciences and Medicine

Department

Medicine, Medical Sciences and Nutrition

Entry Requirements

A second class Honours degree (2:2 or above) or equivalent qualification in a biological or medical science degree is required for entry onto this programme.

SCQF Level

11
