

# Electronics and Photonics Manufacturing

University of Glasgow

## Venues

Gilmorehill Campus

## Content

This Masters in Electronics & Photonics Manufacturing introduces you to a broad spectrum of specialist topics in advanced manufacturing and electronics design. These topics involve the fusion of novel nanofabrication and microforming processes with material technologies within a manufacturing context. This programme provides the essential knowledge and practical experience of manufacturing techniques for modern industrial and consumer products and systems.

## Start Date

September

## Qualification

Postgraduate Master's

## Study Method

Full time

## Award Title

MSc

## Course Length

12 months

## Faculty

College of Science and Engineering

## Department

Engineering

## Entry Requirements

A 2.1 Honours degree in a relevant subject. Those with a 2.2 Honours degree, but 2.1 equivalent marks in their maths and core theory subjects may be considered for entry.

## SCQF Level

11

## Address

Glasgow  
G12 8QQ
