

Occupational Therapy (Pre-Registration)

Queen Margaret University

Content

This course will facilitate you to change career to become an occupational therapist in two years. It is delivered full-time and you will complete a number of placements which enrich the learning experience and prepare you for a diverse practice context.

This course attracts people holding a relevant undergraduate honours degree who wish to change career and become an occupational therapist. It is an intensive professional programme of study developing theoretical, analytical, practical, evaluative and reasoning skills as well as professional values. The course is unsuitable for applicants already holding a qualification in occupational therapy.

You can exit with a PgDip.
