

## Applied Poultry Science

University of Edinburgh

### Venues

Royal (Dick) School of Veterinary Studies

### Content

This programme offers a unique, research-led opportunity to study the different aspects of applied poultry science and aims to equip current and future professionals with skills, knowledge and understanding to address local and global challenges in sustainable poultry production. It is designed to suit those in continuing employment or with other commitments.

Participants typically come from a wide range of backgrounds who wish to develop their career and businesses, including:

nutritionists; breeders; vets; other poultry sector workers.

You can exit with a PgDip in Applied Poultry Science after 2-4 years.

You can exit with a PgCert in Applied Poultry Science after 1-2 years.

You can exit with a PgProfDev in Applied Poultry Science after 2 years.
