Construction: Multi Trade (Level 5)

Dumfries and Galloway College

Venues

Dumfries Campus
Stranraer Campus

Content

This course will provide you with the skills and attitudes that may ultimately help you in achieving progression to becoming an apprentice in a Construction craft trade like carpentry and joinery, bricklaying, plumbing, plastering and painting & decorating. As well as learning mainly practical skills and a small amount of theory you will also learn other necessary transferable essential skills that employers value such as health and safety, working with others, problem-solving, basic numeracy, communications, and Information Communications Technology (ICT).

You will gain skills, knowledge and an understanding of basic construction techniques and get an insight into the working environment in which a construction employee might be expected to operate.

Start Date

August

Qualification

NQ

Study Method

Full time

Course Length

1 year

Department

Sustainable Construction

Entry Requirements

1 subject at National 5 + 3 at National 4; or 5 subjects at National 4 including English, Maths or a science subject. Interview and aptitude test.
