

## Construction: Multi Trade (NPA)

Dumfries and Galloway College

### Venues

Dumfries Campus  
Stranraer Campus

### Content

This qualification allows candidates to learn, develop and practice the skills required for employment and/or career progression in construction. This can be an introductory course or progression from a previous course such as the City and Guilds Level 4 Construction Skills Course (or equivalent).

Practical elements of this course cover:

Carpentry and Joinery; Brickwork; Plumbing; Plastering; Painting and Decorating; Roofing.

The following elements are also delivered to allow you to work safely and give you an understanding of basic construction principles: Health and Safety in a Construction Environment; Appreciation of scaffolding components and how to erect them safely; Construction drawing; Materials and occupations within the construction industry.
