

Nail Technology (VTCT) Level 2

Dundee and Angus College

Venues

Kingsway Campus

Content

This vocational qualification prepares learners to enter the beauty therapy industry and work effectively as a nail technologist/nail technician.

Throughout this qualification you will develop knowledge and understanding in a range of areas including anatomy and physiology and health and safety.

You will also develop and perfect a range of technical skills including nail preparation; manicures; polish techniques and application of acrylic nail extensions.

Interpersonal skills will be developed on an ongoing basis, which will assist with effective client communications.

A kit will need to be purchased to be able to undertake this course, you will be advised of this at the time of acceptance of any offer.
