Content

Biology, the study of living organisms, plays a crucial role in our everyday life, and is an increasingly important subject in the modern world. Biology affects everyone, and biologists work to find solutions to many of the world's problems. Advances in technology have made human biology more exciting and relevant than ever.

The Higher Human Biology course gives students the opportunity to understand and investigate the living world in an engaging and enjoyable way. It develops students' abilities to think analytically, creatively and independently, and to make reasoned evaluations.

Main subject areas covered: Human cells; Physiology and health; Neurobiology and immunology.

Start Date

September

Qualification

Higher

Study Method

Distance and Flexible learning
Part time (day)

Course Length

1 year

Department

Science and Environment

Entry Requirements

National 5 Biology at A or B and Maths. Interview.

SCQF Level

6

Address

Carmichael Way
Fort William
PH33 6FF
