

Computing Cyber Security

Glasgow Clyde College

Venues

Cardonald Campus

Content

This course covers a wide range of subjects and enables you to specialise in the particular area of Cyber security. You will complete the HNC Cyber Security first in year one and then progress onto the HND in Cyber Security in year two.

Subjects include: Ethical Hacking; Digital Forensics; Server Administration; Cyber Security; Firewall Essentials; Linux; Cloud Computing; Network Infrastructure

In addition to this, you will also be offered the opportunity to study towards a Cisco Certified Network Associate (CCNA), Microsoft MCITP and CompTIA A+ qualifications. These qualifications are highly desired by employers.
