Preparing to Work in Health & Social Care (Level 4)

South Lanarkshire College

Content

This course provides a strong foundation for working effectively in a care practice setting. You'll explore why people access care services and develop the skills needed to support the health and wellbeing of others. In addition, the course offers opportunities for personal growth—helping you build confidence, self-reliance, and interpersonal skills through a variety of practical projects.

Subjects Include:
Social Influences; Human Development and Behaviour; Improving Health and Wellbeing; Working in non-clinical roles / Physiology of the cardiovascular system.

Plus much more to give you an insight into the Health & Social Care Sector
