

Biomolecular Sciences

University of Strathclyde

Content

The Biomolecular Science degree programmes will equip you with the knowledge, skills, attitudes and behaviours needed for careers in all branches of bioscience and allied professions.

The MSci programmes are appropriate if you're interested in pursuing an academic or research-related career.

You can defer your choice of degree specialisation until the end of Year 2, giving you the option to progress to single, joint Honours or an Integrated Masters degree in any of the biomolecular sciences.

This course has a strong research base and benefits from excellent links with industry, the NHS and international partners. Student exchange programmes offer you the chance to study and take part in lab-based research abroad.

Start Date

October

Qualification

Degree

Study Method

Full time

Award Title

BSc Hons

UCAS Code

C193

Course Length

4 years

Faculty

Faculty of Science

Department

Strathclyde Institute of Pharmacy and Biomedical Sciences

Entry Requirements

2026 entry requirements

Standard entry:

4 Highers at AABB or AAAC including Biology (or Human Biology) and Chemistry at B plus English and Maths at National 5 at B. Higher English preferred.

Entry to year 2 may be possible with Advanced Higher Biology and Chemistry at BB plus above.

Widening access entry:

4 or 5 Highers at AABB or AABCC including Biology (or Human Biology) and Chemistry at B plus English and Maths at National 5 at B. Higher English preferred.

A Foundation Apprenticeship is accepted in place of a non-essential Higher.

SCQF Level

10
