Content

The Social Sciences HNC will help you to find answers to the bigger questions in our society.

This course is designed to help you see the world differently. We are all exposed to so much information in our daily lives that it can be difficult to assess what is real and what is 'fake': HNC Social Sciences is the perfect course for students who want to develop the skills to search for the truth.

The course is designed to help you investigate and examine the areas of our lives that we can and cannot control: much of our social existence is influenced by forces that we do not know or understand, so this course helps you explore those factors.
