

Mathematics (National 4)

Glasgow Clyde College

Venues

Langside Campus

Content

This course aims to enable you to select and apply straightforward mathematical skills in a variety of mathematical and real life situations. It enables the use of numerical data and abstract terms, and to interpret, communicate and manage information in mathematical form.

The course includes 4 SQA units:

Expressions and formulae; Relationships; Numeracy; Mathematics test. (This is an internal test, not an external exam).

Successful completion will be the certificated SQA award of National 4 maths.
