Social Science

Glasgow Clyde College

Venues

Langside Campus

Content

This course is an in-depth look into a broad variety of social science subjects, including psychology, criminology, history, philosophy and politics. You'll study human behaviour and society, conflict and history, and develop a good understanding of the purpose of research. You'll also learn how to apply your research skills to different disciplines and even carry out your own independent project, collating your findings.

Content includes:
Politics; Sociology; History; Psychology; Research methods.
