

## Applied Science (Chemistry)

Glasgow Kelvin College

### Venues

Springburn Campus

### Content

The HNC Applied Science programme is a one year programme covering 15 credits from the HNC Applied Science Framework. The programme is designed to give you a broad overview of the applied sciences area and covers subjects such as organic chemistry, inorganic chemistry, instrumentation, biochemistry, maths and statistics.

You will build up an excellent understanding of a broad range of scientific concepts and skills, including: Organic chemistry; Inorganic chemistry; Mathematics and statistics; Physics; Cell biology; Biochemistry.

You will also take part in practical units to develop your experience of scientific techniques and equipment.

Campus location may be subject to change.

### Start Date

August

### Qualification

HNC

### Study Method

Full time

### Course Length

1 year

### Department

Science

### Entry Requirements

Higher Chemistry plus Maths or a science subject at National 5, or relevant units from an NQ Applied Science course at SCQF Level 6. Relevant experience will also be considered.

### SCQF Level

7
