

## Applied Mathematics

University of Edinburgh

### Venues

King's Buildings Campus

### Content

The MMath Applied Mathematics programme is a challenging five-year programme that takes you to masters level. It is designed for those who want to study in more depth, or who intend to use advanced mathematical and computational techniques in their careers.

Studying mathematics at university encourages you to think in an entirely different way. Through being introduced to new mathematical concepts not explored at school level, you will develop a rigorous mindset, and by the end of your programme, you will specialise in an area of your particular mathematical interest.

This new way of approaching and analysing complex problems is a particularly valuable skill, and will serve you well throughout your degree programme and beyond.

### Start Date

September

### Qualification

Degree

### Study Method

Full time

### Award Title

MMath

### UCAS Code

G121

### Course Length

5 years

### Faculty

College of Science and Engineering

## Department

Mathematics

## Entry Requirements

2027 entry requirements

Standard entry:

5 Highers at AAAAA (by end of S5 preferred) including Maths at A plus English at National 5. Advanced Higher Maths highly recommended.

Direct entry to year 2 is possible with 3 Advanced Highers at AAA including Maths. A science subject is recommended.

Widening Access entry:

4 Highers at AABB (by end of S6) (BBB must be achieved in one sitting S4-S6) including Maths at A plus English at National 5. Advanced Higher Maths highly recommended.

## SCQF Level

11
