

## Computing and IT (Communications and Networking)

Open University in Scotland

### Content

In this specialist route through the BSc (Hons) Computing and IT, you'll gain an understanding of the fundamental principles of communications technologies. You'll achieve a sound understanding of the principles of hardware and systems-based technologies, and the ability to apply your knowledge and skills in a broad range of industries and organisations. As a Cisco Academy, The Open University offers the Cisco Certified Network Associate (CCNA) (CCENT and CCNA) curriculum, which provides the knowledge, understanding, and skills needed to configure a LAN/WAN using Cisco equipment.
