

## Design and Innovation

Open University in Scotland

### Content

Ignite your creativity and get ready to tackle real-world problems with this design and innovation diploma. You'll develop design thinking, practical skills, and innovative approaches through online studios, networking, and hands-on projects. Complementary modules enable you to explore a subject area that aligns with your interests and expands your skill set. By completing this diploma, you'll gain creativity, collaboration, and analytical skills, preparing you for design careers or further study in the BA/BSc Design and Innovation degree.

### Start Date

October, February

### Qualification

DipHE
