

Applied Science (Biology/Chemistry route)

North East Scotland College

Venues

Aberdeen City Campus

Content

This course includes a significant amount of advanced level practical work. It will allow you to develop essential laboratory skills and acts as excellent preparation for progression towards further study or employment.

This course will strengthen your existing knowledge through in-depth study of a variety of key scientific areas centred around organic, inorganic and physical chemistry, biology, biochemistry, physiology microbiology and analytical science. As well as giving you an in-depth knowledge of both chemistry and biology, the course will also give you the opportunity to specialise in particular aspects, for example human metabolism or advanced chemistry.

Start Date

August

Qualification

HND

Study Method

Full time

Course Length

1 year

Department

Science

Entry Requirements

Higher Biology (or Human Biology) and Chemistry; or Higher Biology or Chemistry and the other at National 5 at B. Maths required at National 5; or NC Applied Science (Level 6).

SCQF Level

7

Progression Routes

HND Applied Sciences

Address

Gallowgate Centre
Gallowgate
Aberdeen
Aberdeen City
AB25 1BN
