Applied Science (Chemistry/Physics route)

North East Scotland College

Venues

Aberdeen City Campus

Content

This is a wide-ranging course covering the theoretical and practical aspects of modern sciences. You will specialise in two of the major branches of science – chemistry and physics.

This wide-ranging, advanced level course covers theoretical and practical aspects of physics and chemistry. A large amount of hands-on training is involved, giving you a chance to put theory into practice and develop valuable skills in experimentation, analytical testing and modern instrumentation in physics and chemistry.

Start Date

August

Qualification

HND

Study Method

Full time

Course Length

2 years

Department

Science

Entry Requirements

Higher Chemistry and Physics; or Higher Chemistry or Physics plus the other at National 5 at B. Maths required at National 5 at B; or NC Applied Science (Level 6).

SCQF Level

8

SCQF Points
