

## Horticulture

Scotland's Rural College (SRUC)

### Venues

Elmwood Campus  
Oatridge Campus

### Content

This course is designed to provide you with the necessary skills and knowledge to start a career in amenity horticulture and beyond.

The course provides ample opportunity to develop horticultural skills like soft and hard landscaping, plant production and plant identification. It also develops soft and interpersonal skills, such as leadership and establishing working relationships.

You will be actively involved in carrying out plant production and grounds maintenance, and engage in projects on campus and within the local community.

Example modules: Maintain grass surfaces; Establish propagation materials; Establish crops or plants; Prepare and cultivate sites; Prepare and operate a tractor with attachments; Identify weeds, pests diseases and disorders.

### Start Date

August

### Qualification

SVQ

### Study Method

Full time

### Award Title

at SCQF Level 5

### Course Length

1 year

### Department

Horticulture and Landscaping

### Entry Requirements
