

Aircraft Engineering (4th year entry)

University of the Highlands and Islands (UHI)

Venues

UHI Perth

Content

The BEng (Hons) Aircraft Engineering course is an exciting degree that will equip you with an in-depth engineering knowledge across a broad range of modern aeronautical technologies.

If you have decided on an exhilarating career as an aeronautical engineer, this course will provide the knowledge and skills you need to analyse complex aircraft engineering situations and solve aeronautical engineering problems.

If you would like to specifically become a licenced aircraft engineer, you may wish to apply to our BSc (Hons) Aircraft Maintenance Engineering and Management instead as it is tailored for this specific job role.

Start Date

September

Qualification

Degree

Study Method

Full time

Award Title
