

Social Science (Level 5)

Inverness College UHI

Venues

Inverness New Campus

Content

This course introduces you to the study of Social Sciences. At its core are Psychology, Sociology, History and English at Level 5. This course is an exciting opportunity to learn about how society works and how people interact with each other. There will be plenty of discussion and group work, and the chance to talk about 'big ideas': the meaning of life, what makes people think, how individuals interact with one another.
