Introduction to Computing and Digital Media (Level 4)

New College Lanarkshire

Venues

Coatbridge Campus
Cumbernauld Campus
Motherwell Campus

Content

Introduction to Computing and Digital Media is intended for those wishing to begin a career in computing, whether that be geared towards hardware, web design or software development. The course will provide a basic introduction to a wide variety of subjects within the areas of Computing and Digital Media, including software design, mobile devices, networking, technical support, web design and digital media.

Covering a wide range of computing and digital subjects this course allows you to find out which area you would like to learn more about. It also includes a Level 4 National Progression Award in Digital Media and a Level 4 National Progression Award in Data Science.

You will have the opportunity to learn about:

Data science; Data citizenship; Compute programming; Computer hardware and systems; Digital media - still images, moving images and audio.
