Content

Financial Services is a large sector in Scotland with a number of employment opportunities. The first year of this course is very similar to HNC Business, however, some units have been selected specifically to give learners an advantage if applying for roles in Financial Services. The second year of the course looks more closely at specific financial services sectors such as Investment, Pensions, Insurance and Lending.

This HND is designed to provide you with the key competencies required by anyone entering the Financial Services Industry as a trainee, or at a technical level, or for anyone already working in such a position but wishing to lay the foundation of a professional career.
