Content

This BSc (Hons) degree in sustainable development is the ideal course for you if you are interested in helping rural areas to develop in a way that is sustainable and protects the environment on which our communities depend.

The course is accredited by the Institute of Economic Development and has a great success rate for graduate employment. Graduates have gone on to careers in community economic development and managing rural development initiatives as well as working with key agencies.

This is an entirely online internationally validated course that you can study from anywhere in the world.
