Interactive Media (Advanced entry)

UHI Shetland

Venues

Lerwick Campus
Virtual Learning Environment (VLE)

Content

Interactive media: a collection of varied technologies, combined to provide a user experience via digital platforms such as websites, mobile apps, software applications, and interactive installations - the opportunities are endless.

Explore digital content creation, graphic design, 2D/3D animation, video and audio production, and more, in this BSc (Hons) Interactive Media. Gain real experience and understanding in the development of interactive and digital media products, experiment with several key specialities and work with external clients on live industry projects.
