

Television Production

City of Glasgow College

Venues

City Campus

Content

NQ Television Production is a practical, dynamic, skills based course.

We'll show you the professional way to create great content, from studio based programmes to short films. You'll learn industry specific skills like camera, editing, scriptwriting, sound and lighting.

You'll have the chance to meet industry professionals working in TV and video production as well as studying how the modern TV sector works.

We'll teach you how to plan and schedule your shoot, and you'll experience the challenges and rewards of working in a production crew, both in our state of the art television studio and out on location.
