Content

Our online (part-time) MBA (Logistics and Supply Chain Management) is ideally suited to individuals who intend to balance their personal and professional commitments and study while working.

Designed to deliver accessible, creative and flexible postgraduate business and management education, it offers you choice in how, when and where you study, as well as the option to pursue a specialism in logistics and supply chains.

Our course is tailored to the dynamic global business environment, focusing on developing skills in leadership, and the application of conceptual management theories to current practice. You'll acquire competencies in innovative and creative problem solving, critical thinking and strategic reasoning.

You'll graduate with business competence and effective management skills, ready to make your mark at the highest level.

Your course structure is based on the online MBA and includes modules from the specialist area of your choice.

Modules include:

Global Logistics and Supply Chains; Project Management; Global Business Economics and Finance; Building and Marketing High Performing Organisations; Management and Organisational Change; Leading Strategic Decision Making; Research Skills for Managers; MBA Project (40 credits)
