

Pathways to Health and Social Care

Ayrshire College

Venues

Ayr Campus
Kilmarnock Campus
Kilwinning Campus

Content

This course gives you a good introduction to what you'll need to know and understand to work successfully in a care practice setting. The focus is on understanding why people use care services, and developing your skills to support the health and wellbeing of others.

Content includes:

Health and social care provision; human development and behaviour; the impact of social influences on the individual; mental health concepts; Transferable essential skills; Personal development.

Throughout the course, you'll hear from a range of guest speakers, including people from the health board, local care services and the police.
