Sighthill Campus

Content

Fast Track into Financial Services is an award-winning work-readiness programme developed for HNC/HND/Degree-level graduates in any discipline wishing to pursue a career in Scotland's financial services sector.

You may be an unemployed HND/Degree graduate or currently working but need more experience and support to secure a role in financial services. Or you may be affected by redundancy in a sector where you have developed customer services and operational skills which can be complemented with an immersive course where you can retrain for roles in the financial services sector.

Start Date

January, October
