

## Restorative Dentistry

University of Edinburgh

### Venues

Off Campus

### Content

This part-time, online modular programme provides masters-level education for general dentists, with a particular emphasis on restorative dentistry.

The structure of the degree is designed to meet the needs of dental practitioners from all over the world.

The programme develops your ability to take an evidence-based approach to clinical practice and to assess and provide quality primary dental care.

You can exit after 1 year with a PgCert.

You can exit after 2 years with a PgDip or a PgProfDev.

### Start Date

September
