

Chemical Technology & Management

University of Strathclyde

Content

This part-time distance learning programme in Chemical Technology and Management was originally developed in conjunction with the Royal Society of Chemistry (RSC).

The course is a three-year, postgraduate modular course with a major final-year project completed in the employees' place of work. A two-year Postgraduate Diploma and one-year Postgraduate Certificate are also available.

You can exit after 12 months with PgCert Chemical Technology and Management

You can exit after 24 months with PgDip Chemical Technology and Management.

Start Date

September

Qualification

Postgraduate Master's

Study Method

Distance and Flexible learning

Award Title

MSc

Course Length

36 months

Faculty

Faculty of Engineering

Department

Chemical and Process Engineering

Entry Requirements

Normally minimum second-class Honours degree, from a related BEng or BSc degree subject.

SCQF Level

11
