

Independent Prescribing (Practice Certificate)

University of Strathclyde

Content

The University is accredited by the General Pharmaceutical Council (GPhC) to provide courses in independent prescribing (IP).

Successful completion of the course will result in the award of a Practice Certificate in Independent Prescribing.

The course of study involves: pre-residential course activity; distance learning material; two residential periods; a period of learning in practice, under the supervision of a designated medical practitioner.

You'll be awarded 30 ScotCat credits on completion of the course.
