

Technology Ventures with Design Engineering (in conjunction with Carnegie Mellon University)

University of Strathclyde

Content

This unique and exciting two-year programme provides you with the opportunity to study and benefit from the expertise of both Carnegie Mellon University (CMU) and the University of Strathclyde.

Silicon Valley is synonymous with tech start-ups and entrepreneurship and there's so much opportunity and funding in the region that entrepreneurs see it as a fertile ground for turning ideas into a reality.

Scotland also has a renowned history of innovation which is at the very heart of the country's psyche and the University of Strathclyde is a central part of Scotland's first Innovation District. This degree allows you to combine the best of Silicon Valley and Glasgow City Innovation District, creating the perfect combination for students wishing to develop the necessary skills to launch ventures that solve society's biggest challenges.

Start Date

September

Qualification

Postgraduate Master's
