Content

This is an excellent course that offers progression onto the HND Social Sciences as well as routes into a range of degree courses, employment and vocational training. You'll consolidate your existing knowledge from previous study of Social Subjects and enhance your knowledge of a wide and exciting variety of new subjects.

Content:

Explore the historical context of Sociology; Understand major psychological theories, from Forensic Psychology to Psychopathology; Analyse the structures and dynamics of UK and Scottish politics; Explore significant events in Scottish history, evaluating their social and political impacts; and, Embrace the importance of research in social science, culminating in your own research project.
