

# **Mechanical Engineering**

City of Glasgow College

#### **Venues**

**Riverside Campus** 

#### Content

This course allows you to study mechanical engineering to a professional standard. On completion of this course you will typically go to university, or move into industry as supervisors or technicians.

During your studies you'll have the use of the college's extensive engineering equipment, which includes a fully functioning mechanical workshop and computer labs running CAD design software, hydraulic pneumatic software and labs.

Some of the subjects you'll study in second year are: Applied Industrial Plant Maintenance; Plant Systems; Heat Transfer and Fluid Mechanics; Strength of Materials Advanced; Practical Engineering Workshop Skills.

### **Start Date**

August

### Qualification

HND

### Study Method

Full time

### **Course Length**

2 years

### Department

Engineering

### **Entry Requirements**

2 Highers including Maths and preferably Engineering Science or Physics; or NC Mechanical Engineering (Level 6), or other relevant national qualifications at SCQF Level 6. Interview.

### **SCQF Level**

8

### **SCQF Points**

«SCQFPoints»

## **Progression Routes**

Year 3 of BEng Renewable Energy Degree at Glasgow Caledonian University.

## **Combination Courses**

«htmlCombinationCourse»

«htmlCombinationUCASCode»

### **Address**

City Campus 190 Cathedral Street Glasgow G4 ORF
