

Engineering Systems (Level 6)

New College Lanarkshire

Venues

Motherwell Campus

Content

This course will provide you with the ability to develop mechanical and manufacturing technical skills, allowing you to operate within the vast field of engineering. The course is structured to include a mix of practical 'hands on' subjects alongside theory-based subjects, used to develop meaning and understanding. You'll have use of the college's extensive engineering workshops and equipment, as well as our specialist labs and automated manufacturing facilities. In addition, you'll be taught by highly qualified lecturers who have a wealth of experience and skills all developed within the engineering sector.
