Photography (Level 5)

North East Scotland College

Venues

Aberdeen City Campus

Content

If you wish to gain the essential skills of using image capturing techniques by using digital cameras, this course will allow you to get started.

You will experience making effective use of your camera and devices for capturing images. Learn more about the potential of the equipment and how to apply this to indoor and outdoor settings.

You will undertake projects which introduce you to a wide range of potential topics for photography and also learn about the theory of this subject.

Subjects Include:
Understanding photography; Photographing people in location or studio environments; Photographing places; Working with photographs and Digital video skills.
