Content

Adventure education is about creating learning opportunities through adventurous activities. With a focus on developmental and educational approaches through adventurous activities and the natural world, it is fundamental to the modern adventure sector as well as a significant and diverse area of future employment. As an educator in this field, you will be responsible for providing safe, adventurous experiences, promoting learning to help others to discover, reflect, and develop.

The course is built on a robust framework of practical and professional experiences. You will develop your knowledge, understanding and skills to plan, prepare and lead adventure education activities in potentially challenging and wild places, as well as providing strong links to all stages of the education curriculum. Throughout the programme you will be encouraged to consider the role, ethics, and values that you hold as a responsible practitioner and professional in this important field.
