Fort William Campus
Virtual Learning Environment (VLE)

Content

Combine the skills and knowledge of an applied sports scientist with those of a modern adventure professional, on this unique and exhilarating course. Be part of a rapidly evolving sector where the development of over 21 Olympic adventure sports disciplines, as well as the demand for healthy active lifestyles, has brought about a drive for greater achievements in adventure sports and for the life-enhancing benefits of participation, informed by expert coaches and leaders.

Join this expert-led course to prepare to coach and guide the next generation of adventure athletes. Work with participants who demand greater outcomes in their adventure sport and develop the skills to help them smash their goals. Receive tailored outdoor-activity skill development and professional NGB training and assessment with the School of Adventure Studies' 'practical credits system', as you access outstanding adventure facilities set amongst some of the most beautiful scenery in the UK.

Start Date

September
