

Social Sciences: Understanding Human Behaviour and Society (Level 5)

North East Scotland College

Venues

Aberdeen City Campus
Fraserburgh Campus

Content

This is a new and exciting course that will introduce you to different social science subjects such as sociology, psychology, modern studies, citizenship and mental health and wellbeing that will develop your understanding of what makes us both human and social. Through studying human behaviour and society you will aim to develop a range of essential skills that will improve your communication skills, self-awareness and confidence, digital skills, self-management, social intelligence and innovation skills.
