

## Biology and Chemistry

University of St Andrews

### Content

Biology involves the study of life at all levels, from the molecular biology of virus replication to the study of animals and plants in their natural habitats. Biology also touches on many aspects of contemporary life, from drug design and investigating the molecular basis of Alzheimer's disease, to the migration and conservation of marine mammals – all of which can be studied at St Andrews.

### Start Date

September

### Qualification

Degree

### Study Method

Full time

### Award Title

BSc Hons

### UCAS Code

CF18

### Course Length

4 years

### Faculty

Faculty of Science

### Department

Biology

### Entry Requirements

2027 entry requirements

Standard entry:

5 Highers at AAAAB including Biology (or Human Biology) and Chemistry at AA plus English at National 5 at B.

Widening access entry:

including Biology (or Human Biology) and Chemistry at AA plus English at National 5 at B. (You may gain entry to the Gateway programme with 4 Highers at BBBB).

2nd year entry is possible with Advanced Higher Biology and Chemistry at A plus Highers at AAAAB.

## SCQF Level

10

## Progression Routes
