

Equine Business Management (Advanced Entry)

UHI North Highland

Venues

Thurso Campus
Virtual Learning Environment (VLE)

Content

The BA (Hons) Equine Business Management will introduce you to all aspects of today's modern equine and sporting business. The course is highly practical and will equip you with the skills you need for a career in equine business management including, marketing, research, and sports science, as well as specific equine modules such as current issues and legislation in the equine industry, equine behaviour, and welfare management.

You will undertake project work where you will investigate real-life situations, which will enable you to put what you have learned into practice. You will also have the opportunity to take part in equestrian events and activities organised throughout the year.

Guest speakers and the use of equine evidenced-based research will ensure you have access to relevant and current industry information.
