

Web Technologies with Management

Perth College UHI

Venues

Virtual Learning Environment (VLE)

Content

In the past twenty years, the web has had a major impact on the way in which we work, live and learn. As the sector continues to grow there is a constant need for individuals and organisations to keep abreast of new developments in the field. This programme has been designed to meet the needs of the global IT industry and will give you the advanced skills and expertise to excel in this fast-paced and competitive marketplace.

This degree primarily has a technological focus, will explore key aspects of business and management particularly relevant in an international environment. You will receive a thorough grounding in core management principles, practices and techniques strongly contextualised to web-based applications.

You can exit after 6 months with PgCert Web Technologies with Management.

You can exit after 9 months with PgDip Web Technologies with Management.
